

# YT-Z8G

Category: Smart Home | Release:

## Description:

Feature: 120 fingerprint capacity, 30 mifare cards capacity, 20 groups password (including 3 groups of one time...

## Specifications:

Battery life: Unlock 5000 times

Dynamic power consumption: 250mA

False lock alarm: Yes

Fingerprint Sensor: CMOS 300 thousand pixel color

Fingerprint capacity: 120

It adopts 304 international standard stainless thick material, never rust and very sturdy. Very suitable to steel door and has earth rod ext

Low voltage alarm: Yes, 4.5V

Mechanical key: Yes

Mifare1 card capacity: 30

Password capacity: 21 groups

Static power consumption: 100uA

Touch keypad: Yes

Working humidity: 10%-85%

Working temperature inside: -5 to 55

Working temperature outside: -10 to 55
